RESEARCH AND WORK EXPERIENCE

January/February 2017 **Research assistant**
University of Milan

Transcription of in-depth interviews for the research project “The Reproductive Mechanism of Mafia-Style Organized Crime: The Role of the Prison”, Martina Panzarasa, Ph.D. in Sociology and Methodology of Social Research (NASP).

November/December 2016 **Research assistant**
University of Padua

Administration of questionnaires for the follow-up of the project “La rappresentazione sociale delle nanotecnologie” (“The social representation of nanotechnologies”), supervised by professor Neresini and PaSTIS (Padua Science, Technology and Innovation Studies).

September 2014 – June 2015 **Tutor for students with disabilities/learning disorders**
University of Turin

200-hours tutorship with students with disabilities/learning disorders.

HONOURS AND AWARDS

2020 **Teaching assistant** (cultrice della materia) in Sociology of Health, University of Turin.

2020 **Teaching assistant** (cultrice della materia) in General Sociology, University of Turin.

2019 **Teaching assistant** (cultrice della materia) in Qualitative Methods of Social Research, University of Turin.

2018 **Best MA Thesis in Sociology**, academic year 2016/17, University of Turin.

2017 **PhD Scholarship** in Sociology and Methodology of Social Research, XXXIII Cycle.

ADDITIONAL TRAINING

2020 **CSHHH Summer School**

University of Strathclyde, Glasgow
Centre for the Social History of Health and Healthcare

The Centre for the Social History of Health and Healthcare (CSHHH) organised a series of online events relating to the history of health and medicine. These included four webinars concerning mental health, cultures of wellbeing, drugs and subcultures, and histories of birth control.

2020 **NarrativeMedicine – training event**

Fondazione ISTUD – Area Sanità e Salute
Scientific editor: Maria Giulia Marini

The course offered a comprehensive overview of the value of Narrative Medicine in healthcare, in particular how humanities can integrate Evidence-based Medicine to offer more effective, appropriate, shared care.

2015 **Curricular stage**

University of Turin, Department of Culture, Politics and Society

The stage consisted of a six-months period of research on mental health demedicalization processes. Participant observation, in-depth interviews and document analysis were applied to investigate the activities of the “Torino Mad Pride” association and its job placement project called “Matti a Cottimo”.
